SHEFFIELD INSTITUTE OF EDUCATION

The Sheffield Institute of Education is a national centre of education, recognised for our excellence and innovation in teaching and learning. From early years through to higher education, we're a hub for excellence, innovation and knowledge advancement in childhood and young people's development and learning.

What makes us different is that we look at the wider education workforce, so students benefit from contact with specialists in a broad range of disciplines that impact on education.

Learning is focused on practice, and we work extensively with schools and other education providers.

Our Outreach Offer

This booklet outlines the activities we have available for schools and colleges, to increase students' knowledge, understanding and provide an insight into university courses and life in Higher Education.

Course talks covering the following subject areas can be arranged both on and off campus. All sessions are suitable for KS5 students. For KS3 and KS4 students, please get in contact to see what opportunities are available.

To book or enquire about any activity, please contact Kate Smith: k.i.smith@shu.ac.uk

Education

This course talk provides an overview of our Education Studies and Education with Psychology and Counselling degrees.

Combine the study of education with psychology, counselling and real-world experience, preparing you to make a difference to people's lives in a variety of education or therapeutic careers, or take a critical, transformative approach to the study of education, with a particular focus on social justice.

Children and Childhoods

This course talk provides an overview of our new Children and Childhoods Degree

Develop your knowledge, skills and confidence to work with children, young people and families, engaging with diverse communities, challenging inequality and transforming people's lives.

Primary & Early Years Education (QTS)

This course talk provides an overview of our Primary and Early Years Education degrees with Qualified Teacher Status.

Gain the knowledge, qualifications and practical teaching experience to become a primary or early years teacher; promoting equality to improve the life chances of learners aged 5-11 or 3-7.

Future careers in this area include...

- Teaching
- Local Authority roles
- Voluntary and Charity Sector roles
- Family Liaison
- Research
- Civil Service
- Social Work
- Youth Work

Access Support at Hallam

SHU Progress

SHU Progress provides support for applicants whose personal circumstances might mean that there are barriers to going to university.

The scheme provides additional support in the year of application and throughout the application process, including the transition to becoming a university student.

How to join

In order to join the scheme, students must be nominated by a professional (such as a teacher, social worker, support worker, etc.) who knows the applicant and their background. You can find the nomination form, as well as further details on eligible groups and the support on offer, by scanning the QR code. Alternatively, visit shu.ac.uk/shuprogress

If you have any questions, you can email the team at:

SHU-Progress@shu.ac.uk

or call **0114 225 4777**

Black British Applicant Support

As a university we recognise the additional barriers that many prospective students face when pursuing higher education. As part of the response to this, our Access team also provide additional support for black British applicants, with tailored support throughout the application and transition process.

For more information, you can email the team at **access@shu.ac.uk**
