

Exemptions from the Standard Assessment Regulations for 2024/25

All validated awards are expected to comply with the Standard Assessment Regulations. Some courses and modules require exemption from some of those regulations, usually to meet Professional, Statutory or Regulatory Body requirements. The University has approved exemptions to the Standard Assessment Regulations for the courses listed in this document. Exemptions are listed by course under each College and School/Institute.

If you have any questions about an approved exemption, please contact the relevant academic course team
