

## Additional Course Related Costs

There may be additional expenses associated with your course, which are not included within the tuition fee that you pay.

The table below provides an indication of additional course specific related costs, please note that actual costs can vary depending on the choices you make during your course.

This information is for applicants starting your course in 2025/26. For students starting in later years this can be used as an illustrative cost and updated information will be provided directly to students once available.

Accommodation and living costs are not included in the fees. Further information on accommodation can be found on our website: [www.shu.ac.uk/accommodation](http://www.shu.ac.uk/accommodation)

The University provides a range of work experience opportunities for students. Any work experience that you undertake as part of your course could incur travel costs, these would be dependent on the location of your work experience placement.

If your course is not listed below, there are no additional course specific costs. There will be some general costs that could relate to all courses which are listed separately.

Subject	Course Name	Estimated minimum cost (£)	Estimated maximum cost (£)	Detail of cost	Optional or Mandatory?	Additional notes
Biosciences and Chemistry	BSc Hon Biomedicine and Health Science (including with Foundation Year) BSc Hon Biochemistry (including with Foundation Year) BSc Hon Biomedical Science (including with Foundation Year)  BSc Hon Chemistry (including with Foundation Year) BSc Hon Biology (including with Foundation Year)	£20	£100	UK field trip	Optional	Travel, accommodation, subsistence for trip
Biosciences and Chemistry	MCHEM Chemistry	£110	£160	European study trip	Optional	Travel, accommodation, subsistence for trip
Biosciences and Chemistry	MPhil/PHD Biomolecular Sciences Research Centre	£9,005 per year	£13,500 per year	Bench fee for exceptional project costs	Mandatory	An additional bench fee is charged to cover the cost of particularly expensive chemicals or equipment needed for a research project and the amount applied is dependent on the project. These fees would be discussed as the project plan is developed and formalised at the Offer Letter stage.
