* Times Higher Education converts each institution's overall profile into a grade point average (GPA) by multiplying its percentage of 4* research by 4, its percentage 3* research by 3, its percentage 2* research by 2 and its percentage 1* research by 1; the results are added together and divided by 100 to give a score between 0 and 4.

Note: The quality profile produced shows the proportion of the submission that meets each of the following starred levels:

Four star (4*) - Quality that is world-leading

Three star (3*) - Quality that is internationally excellent

Two star (2*) - Quality that is recognised internationally

One star (1*) - Quality that is recognised nationally

Unclassified (U) - Quality that falls below the standard of nationally recognised work or which does not meet the published definition of research for REF
